

Yearly Status Report - 2018-2019

Part A				
Data of the Institution				
1. Name of the Institution	TULSIRAMJI GAIKWAD-PATIL COLLEGE OF ARCHITECTURE			
Name of the head of the Institution	Prof. Vandana Khante			
Designation	Principal			
Does the Institution function from own campus	Yes			
Phone no/Alternate Phone no.	0712-6648252			
Mobile no.	9850301558			
Registered Email	tgpca.nagpur@gmail.com			
Alternate Email	principal.mh58@tgpca.com			
Address	Mohgoan, KH.No .08, NH-7, Wardha Road			
City/Town	Nagpur			
State/UT	Maharashtra			
Pincode	441108			

2. Institutional Status			
Affiliated / Constituent	Affiliated		
Type of Institution	Co-education		
Location	Urban		
Financial Status	Self financed		
Name of the IQAC co-ordinator/Director	Dr. RAVIKUMAR BHARGAVA		
Phone no/Alternate Phone no.	07126648252		
Mobile no.	8007233703 iqac@tgpca.com		
Registered Email			
Alternate Email	nitesh@tgpca.com		
3. Website Address			
Web-link of the AQAR: (Previous Academic Year)	http://www.tgpca.com/IQAC.php		
4. Whether Academic Calendar prepared during the year	Yes		
if yes,whether it is uploaded in the institutional website: Weblink :	http://www.tqpca.com/assets/PDF/ACADEMI C-CALANDER-2019-20.pdf		

5. Accrediation Details

C	/cle	Grade	CGPA	Year of	Vali	dity	
				Accrediation	Period From	Period To	
	1	В	2.47	2019	09-Sep-2019	08-Sep-2024	
6. Date of Establishment of IQAC 22-Oct-2018							
7. Internal Quality Assurance System							
		Quality initiatives	s by IQAC during the	ne year for promotin	g quality culture		
Item /Title of the quality initiative by Date & Duration					Number of particip	ants/ beneficiaries	
	Term Tr am on Cl	-	12-Dec-2018 05		40		

Responsive Settlement Planning Urban Design and Architecture on		
Industrial Visit - Space wood	15-Oct-2018 01	25
Field Project - Case Study	14-Aug-2018 07	37
Field Project - Study Tour & Documentation	03-Dec-2018 07	80
Joint Workshop(Student & Faculty Exchange)	14-Dec-2018 02	25
Personality Development Workshop	09-Jan-2019 01	78
Site Visit	12-Jan-2019 01	30
Industry Expert Seminar	14-Jan-2019 01	55
Industrial Visit	10-Jan-2019 01	30

13. Plan of action chalked out by the IQAC in the beginning of the academic year towards Quality Enhancement and outcome achieved by the end of the academic year

	· · · · · · · · · · · · · · · · · · ·		
Plan of Action	Achivements/Outcomes		
Outcome based teaching methodology	Improvement in the skills, knowledge and placement ratio of students.		
Academic Audit Pre-Session and Post session	Pre Session and Post Session Academic audits are Conducted by IQAC faculty members and verified the existing processes for continuous improvement		
Internship for students	Sixteen week internship is mandatory for students to give exposure to Professional and Industrial field.		
Conduction of STTP / Workshops / Seminars, etc	Various STTP/Workshops/Seminars, et conducted to give exposure to new trend in technology.		
Activity in collaboration with Alumni Association to be organized	Guest Lecture on Start Up were given by Alumni Association		
Health Check-up Camp to be organized by Rotaract Club TGPCA.	Mega Camp organized in association with Sure-Tech Hospital. Beneficiaries were Students, Teachers, Nonteaching staff and villagers		
NPTEL courses to be started	College registered for NPTEL Courses. Students and faculties were Benefited.

I. Whether AQAR was placed before statutory Yes			

Name of Statutory Body	Meeting Date
College Development Commmitte	25-Feb-2020
15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ?	Yes
Date of Visit	30-Aug-2019
16. Whether institutional data submitted to AISHE:	Yes
Year of Submission	2020
Date of Submission	20-Feb-2020
17. Does the Institution have Management Information System ?	Yes
If yes, give a brief descripiton and a list of modules currently operational (maximum 500 words)	Enterprise Resource Planning (ERP) for efficiency and Transparency: The goal is to use E management tools for effective Teaching, Learning, Monitoring and Maintaining Transparency. The use of information technology in management in any organization can augment the output and quality. The use of information technology in the field of education can accord help to the student. Help is extended to the students by ready availability of subject resources, Time Tables, Performance, attendance schedule related to all examination and other programs /activities. Moreover it offers transparency which is most important aspect of the management. Similarly e management system are extremely helpful in providing aids to the member of teaching staff and it accords a great help to create a culture of transparency which is very significant and consequent for healthy and unbiased working atmosphere. Different person and professional activities/ aspects related to the college can be entered and retrieved making the system transparent. These activities are related to: a) Personal: salary of employees, details of benefits, kinds of leaves, the details of attendance, details in case of emergency, and help in tax information.

b) Teaching: student attendance, information about the students who bunk the classes, classroom booking. c) Examination: the Entry of marks, grade entry, result, invigilation duty. d) Counseling and mentoring: To view grades of the students and performance of the students by parents and teachers. e) Provide feedback: e.g. IQAC. TGPCA has resorted to use of information technology in management of several systems for the students, members of the teaching staff and nonteaching staff through the following practices through Website. This facilitates availability of complete information of departments, courses and teachers including important phone contacts, and details about the course structure, syllabus, subject details, time table, the rules and regulations and the examination procedure. Study material for uploading program/ subject/ contains by 247 teaching. Google Classroom is another mode through which a strong bond and transparent connection has been developed with the students. This platform facilitates the dissipation of class lectures, notes, PowerPoint presentations, and other reference materials. Students follow the subject and faculty and are updated in every manner. Submission of assignments, sheets are done on this platform. Queries are answered through an open discussion forum that benefits all. Grading of assignments and tests are also maintained in this platform, creating a clean and transparent system known and understood by the students. In addition to the above system, the institute has group email addresses with video conferencing facilities to have effective communication between management, faculty, staff and students.

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The Institute is affiliated to Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur and the curriculum and syllabi prescribed by the university are strictly

adhered to. Apart from this prescribed curriculum, the Institute has strategized ways and means to strengthen the teaching-learning process in the following ways: • Advance planning of Academic activities and calendar in alignment with the academic calendar issued by the University. • Adequate learning materials (resources) for students by updated library facilities with e-journals ,Books, NPTEL videos • Framing of Time Table with provision for Value Added Programs (VAP), seminars and library hours. • Course allotment based on competency matrix, experience and performance in previous year. • Objective driven teaching plan at the beginning of the semester • Maintenance of course files by all faculty members which contains lesson plan, notes of lesson, question bank and result analysis • New and innovative teaching techniques, with interactive lecture method to get the students actively involved in the teaching learning processes with learner centric techniques such as group discussion, site visits, case studies, projects, surveys, quiz etc. • For keeping the students updated with modern day, the institution organizes contemporary video shows depicting the latest development. The students are allowed to discuss, deliberate and interact upon the new ideas amongst themselves and also with the faculty. • Teacher Guardian Scheme - Each teaching faculty is given responsibility of mentoring 15 students on academic and personal issues, thereby strengthening the bond between teachers and the students, leading to a better learning atmosphere and to sustain their performance. • Organization of guest lectures by professional Architects and under cost project site visits to gain practical knowledge. • Periodical review by the design chair and the Principal of the portions covered by the faculty and also the student's attendance. • Monitoring of course delivery and syllabus completion through formal and informal feedbacks. • Systematic examination process, standard question papers, proper and prompt evaluation and interaction with the parents about the progress of the students • Refresher courses, workshops, FDPs for skill up gradation of faculty. • Provision of infrastructure facility • Encouragement to students to do innovative thesis project work of national interest. • Bridging Profession -Institution gap with suitable value added programs. • Adoption of "outcome based approach" for the effective delivery of the curriculum

Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

Based on the feedback received from the students and other stake holders, major issues are demarcated under the following categories: • Faculty qualification, teaching ability, knowledge of subject, clarity in language etc. • Facilities for students - student activities and exposure, Infrastructure, laboratories etc. • Site visits - to enhance students understanding and clarity in through. • Seminars and Workshops etc. - themes suggested by students, alumni, and employers. • Recruitment opportunities, problems faced if any • Alumina may suggest lacunae in process - these are the elements lacking in the teaching process and incorporations that may be done. • Employers suggest their requirement details - and these details may be incorporated in terms of extra workshops, industry interface etc.

CRITERION II – TEACHING- LEARNING AND EVALUATION

2.1 – Student Enrolment and Profile

2.1.1 – Demand Ratio during the year

Name of the Programme	Programme Specialization	Number of seats available	Number of Application received	Students Enrolled	
BArch		40	50	36	
View File					

2.2 – Catering to Student Diversity

2.2.1 - Student - Full time teacher ratio (current year data)

_							
	Year	Number of	Number of	Number of	Number of	Number of	
		students enrolled	students enrolled	fulltime teachers	fulltime teachers	teachers

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

To provide academic, Social, moral and psychological supports to student in the Institute by being their empathetic, carrying and nurturing mentors so that they become enabled and empowered persons. • Through mentoring system every teacher is assigned a group of 15 students. The teachers play the role of mentors in Institute. The teacher mentor bears the responsibility of guiding these students in their academic life by caring for their intellectual, emotional and physical well-being. • The teachers are trained in mentoring skills by eminent

educationist, psychologist and behavioral therapist through Faculty Development Program. • Periodic meetings are conducted and the methodology adopted is revised to benefit the students • The format to collect students data is planned under the guidance of principal by the teachers mentors. • The booklet is maintained for mentoring. The booklet contents all details of the students including the family background, the academic performance and the problems the student is confronted with. • The mentor calls his/her students for initial meeting in which he/she introduces himself/herself and Endeavour to win the confidence of the students. • Their after the mentors shoulders the responsibility of establishing a relationship with student replete with respect, sensitivity, mutual trust and emphatic understanding. The mentor provides a support system which is conducive to academic growth of the students and his/her holistic development. • The mentor tracks the progress of the students. The mentors the attendance and performance of the students in test examinations and participation in academic and non-academic activities. Any short coming, if noticed, is immediately addressed to the mentor who endeavors to resolve the issues in no. of ways. • The mentor regularly visits the homes of the students under his/her control. He/She interacts with the parents and ascertains their problems in respect of their wards. The problems of the parents are conveyed to the Institute authorities. The Institute authorities try to redressed the problems which are in their jurisdiction • The mentors have dealt with the problems of absenteeism. It is observed that there has been remarkable increase in the attendance of the students in theory and practical classes. • Through the help and guidance of mentors, the students have got rid of emotional problems and they have developed a positive attitude to overcome anxiety and improve the academic performance. • The students have become confident, bold, courageous and excellent academically

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio
115	15	1:8

2.4 - Teacher Profile and Quality

2.4.1 - Number of full time teachers appointed during the year

No. of sanctioned positions	No. of filled positions	Vacant positions	Positions filled during the current year	No. of faculty with Ph.D
15	15	0	0	1

2.4.2 – Honours and recognition received by teachers (received awards, recognition, fellowships at State, National, International level from Government, recognised bodies during the year)

Year of Award	Name of full time teachers receiving awards from state level, national level, international level	Designation	Name of the award, fellowship, received from Government or recognized bodies
2018	Parag Ghubade	Assistant Professor	National award for innovators aspiring entrepreneurs, Indian Institute of Architects
2018	Nitesh Jibhkate	Assistant Professor	Best teachers Award, TGPCET
2019	Atul Lalsare	Assistant Professor	Mayor Innovation Awards, Certificate of Appreciation, CCI
2019	Vandana Khante	Principal	Hackathon, Certificate of Appreciation , CCI

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

· It is very important to monitors the outcome and to keep a track of students' progress continuously. Effective continuous monitoring is done through regular evaluation of student's performance. 'Drawing Studios' are integrated part of architectural education. Most of the core subjects like Architectural design, Building construction technology, Architectural graphics, Visual Arts etc. have studio classes in addition to theory lectures or tutorials. In drawing classes or studios students make drawing plates of the given assignments which are regularly monitored and corrected with one to one contact between teachers and students which is a continuous process. After completion, drawing plates are submitted every week or at the gap of 10 days or so depending on the nature of assignment. Plates/sheets are marked and evaluated with teachers comments on the plates. In subjects like Architectural design students are required to face critic session with pin up drawings/models and or PowerPoint presentation regularly at every stage. At the completion of a particular design assignment again students face viva voce. This is a robust effective method of In other theory subjects there are regular viva-voce, monthly test/internal examination and also periodically held subject related quiz among student groups that makes assessment interesting. • One unit test and one model exam in theory subjects and one model examination in case of practical are conducted in each semester. • One Assignment in theory subject and 4 to 5 Assignments are given for Practical subject • The concern course in-charge will carry out internal assessment of subjects based on internal test performance marks / grade received in Examination and assignments. • Continuous evaluation procedure is followed for practical subjects. • Effective implementation of evaluation reform of the university are strictly followed and those initiated by its own are ensured by the institution by strict compliance of process and procedure devised/ suggested by the university in order to follow the continuous evaluation system • At Institute level, effective implementation of tutorial and mid-sem test takes place and results are declared within eight days. The students can see their evaluated answer sheets and discuss the same with concerned faculty. • Students Appeal for Grievance within 3 days. • All the data are collected and stored in digital format for recovery/reference purpose. • Final year term work like seminar practical training and thesis project is jointly evaluated by external and internal examiners. • The evaluation steps are as follows: • The faculty enter attendance and marks of the students periodically. • The Institute appoints examiners for the practical examinations

and viva voce examinations as per the University directives • The Institute sends its faculty members as examiners to evaluate semester Answer scripts to the affiliating University.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Academic Calendar is Prepared in alignment with the academic calendar issued by the Rashtrasant Tukadoji Maharaj Nagpur University. At the time of making academic calendar and teaching plan for any academic session due care is taken to allot time for extra circular and academic events like Guest Lectures, Workshop, Seminars, Field/site visits, Educational tours etc. so as not to effect and disturb teaching plan and it is possible to adhere academic schedule without any major deviation. It is very important to monitor the outcome and to keep a track of students progress continuously. Effective continuous monitoring can be done through regular evaluation of student's performance. The Academic Monitoring committee meeting is held in first week of June before start of session under the Principal, TGPCA, Nagpur, to decided that Academic calendar for the semester starting from 3rd Week of June 2018 is to be finalised and the responsibility is then given to faculty members. The team of two faculty members makes Academic Calendar in which 90 working day for teaching is identified then all the academic and extra curriculum activities are planned, also Sessional Exam and Pre University Test slots are kept. Draft of the Academic calendar is then submitted and get approved by Principal. Same processes is carried for Even Semester Calendar in month of November as Session Starts from December. Both Calendars are displayed on College website for Students and faculties and Management

2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

The Institute has appointed several personnel for maintaining the infrastructure by way of building maintenance, transport, furniture and generator operator in case if the power shuts down. Separate Complaint registers were maintained for various services like electrical, plumbing, housekeeping etc. The people, who work here on maintenance of the Institute, will report regularly to the higher authority Separate in charge are there for Electrical works, Civil work, Transport, Computer Service, House Keeping etc. • Access to internet is provided in the lab even after Institute working hours. ulletPreventive maintenance and breakdown maintenance procedure is followed so as to ensure maximum availability of the systems in the lab. • Installation of antivirus and firewall ensure that the software and system is secured. • A weekly status check on the hardware and software condition of the machines is undertaken and the same is noted in a register. This ensures that the problem is identified and rectified at an early stage itself. • Breakdown maintenance wherein the system fails due to SMPS problem or boot failure is recorded in a register. If the problem is minor, the technical support staff of the lab will rectify it. For major failures, support from vendor is taken. • Periodic maintenance is done by regular cleaning of the lab spaces, software updates and antivirus updates. • The stock in the lab is verified for the available equipment and discarded equipment, by a meticulous. • Scrap is identified by Lab assistant and Faculty member, report has been send to principal • After verification by maintenance department, those computers which cannot be used have been discarded.

	5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees one institution (maximum 500 words)							
 Two Student representatives are constituted as members in Academic Council. In the meeting of Academic Council, the member students and one class representative are called for the Academic review. They have to give Academic status and feedback regarding Theory and Studio Subjects. This review is 								

considered their point of view and understood as feedback. • Every year, a
Student council is formed comprising of one student representative from each
class. From the council thus formed, one student is selected as Student
President every year. This student President is the formal connection between
the students and Faculty and management. The student council plays a vital role
in Institute activities such as organizing symposiums, seminars, conferences
and workshops. • The council members and all the other students are

deliberately involve in their Institute Magazine Newsletter preparation and in editorial committee. This gives them exposure and helps in bringing together students from all batches, in the creation of the annual summary. The student representatives also participate in the preparation of Institute calendar every year to plan Institute activities Class wise. Especially Induction Foundation Day of Institute are completely planned, organized and conducted by the students under the supervision of the faculty. • The students involve themselves in events such as Institute day, hostel day, Independence day, Republic day and various club activities. Each club has several students who take on leadership roles and organize the events and get very good exposure. The student representatives also actively participate in Sports committee, cultural committee, magazine committee, etc. • The Institute provides ample avenues for developing technical skills, updating knowledge, personality development and service to the society through various Associations and Societies. There is a staff advisor to guide the students in the smooth and effective functioning of the Associations. A student curator team, organize Archi-Days - event from 2012 onwards. Every year Archi-days are aimed to plan with a theme. Exciting list of speakers address on the students on the theme coined.

5.4 – Alumni Engagement

5.4.1 - Whether the institution has registered Alumni Association?

Yes

• The alumnus forms the major strength of the institution. The Alumni Association was formed under the title "TGPCA Alumni Association" with the help of online registration forms. • The alumni meet is conducted once in a year, where alumni from different branches of the under graduate share their views and give suggestions for the betterment of their junior students. The alumni meet is hosted by the management generously and the alumni are honored with mementoes. Such meetings are mutually beneficial for the Institution and the alumni. This provides an opportunity for the alumni to meet their friends and act as a bridge for the faculty to share their experience, knowledge and insights. This meeting bridges the gap between the academic life of students and the industry life. It becomes easier for the existing students to understand the point of view from their immediate seniors as most ideas are shared among themselves. • It is a very good experience for both the teams to connect and understand the various facets of life. Not only on the academic front, but even the perspective toward life, is refined and clarified in such meetings and interactions. • The alumni visit the institution to deliver Guest lectures and seminars for the students in their areas of expertise and motivate the young minds. Successful entrepreneurs from the alumnus are invited to talk on their success stories at various occasions of the Institute. The alumni also help the final year students of the various streams of engineering, business administration and computer applications to get their project placements and summer internship in their companies or to assist them get it through their reference. They also assist the students for placement in public and private sectors and the regular alumni association meetings pave the way for the successful placements of the students.

5.4.2 – No. of enrolled Alumni:

38

5.4.3 - Alumni contribution during the year (in Rupees) :

20000

5.4.4 - Meetings/activities organized by Alumni Association :

Alumni Meet 2017 Alumni Meet 2018 Workshop by Piyush Wakodikar Alumni Meet 2019 Guest Lecture by Smita Burrewar

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 - Mention two practices of decentralization and participative management during the last year (maximum 500

words)

For implementing the quality policy, an action plan is prepared collectively by the Principal and the senior faculty members. According to the action plan, specific roles are assigned to various faculty members. 1. The Management bestows operational autonomy to the staff within the boundaries of quality policy. The Management encourages the Principal and the faculty to visit renowned national and international institutes to develop their vision for quality policy. The Management ensures a healthy, encouraging, participative and transparent environment needed for quality education. The Management considers the suggestions/interaction with various bodies of other Institutes. The Management's meetings with Principal are conducted once in six months for the review of action plan and major policy decisions. 2. The Principal is an active member in deciding the quality policy and making the action plans. While the action plan is being implemented within the Institute, the Principal leads the faculty, provides directions to the faculty and co-ordinates them wherever necessary. During the implementation of the quality policy, the Principal communicates the opinions of the Top Management to the faculty and staff regarding the responsibilities and duties assigned to each component of the Institute. The Principal intends to develop and ensure effective conduction of educational programs and promotes the improvement of teaching-learning in the Institute. The Principal takes initiatives to develop the liaison with the eminent academicians, scientists, industries, professional bodies and renowned institutes which directly or indirectly helps in planning and implementing the quality policy. The Principal keeps herself updated about the Indian and global education scenario, research in education, industry and stake-holders expectations. He / She gives relevant feedback to the faculty and the students and motivates them to achieve quality in their fields. The Principal along with faculty initiates orientation, and other programs for quality improvement. The Principal proposes new initiatives to Top Management to strengthen to the quality policy. 3. The faculty plays a major role in the implementation of the quality policy. All faculty share their experience and expertise while implementing the quality policy. Their role is as follows. To plan and deliver academics as per the quality policy. To develop themselves as role models for the students and to upgrade themselves continuously. Senior faculty is a role model for the junior faculty. It is the faculty who embeds values in the education. To fulfill responsibilities in three areas namely teaching, research and administrative activities like examinations related and course / program related work. Faculty has to contribute in various committees formed by the Principal. Faculty has to cooperate with each other so that the outcome is effective implementation of the quality policy.

6.1.2 – Does the institution have a Management Information System (MIS)?					
Yes					
6.2 – Strategy Development and Deployment					
6.2.1 - Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):					
Strategy Type	Details				
Curriculum Development	Objective driven teaching plan is created at the beginning of the semester and course files maintained by all faculty members which contain lesson plans, notes of lesson, question bank and result analysis New and innovative teaching techniques, with interactive lecture method to get the students actively involved in the				

	teaching learning processes with learner centric techniques such as group discussion, site visits, case studies, projects, surveys, quiz etc. The institution organizes contemporary video shows depicting the latest development. The students are allowed to discuss, deliberate upon new ideas amongst themselves and also with the faculty.
Teaching and Learning	Google classroom are formed for suggestions and comments on lectures, for task allotment. Animated videos are shown to provide a clear understanding of the subject and to increase interest in the subject. Heritage walk is conducted every semester to aware students regarding importance of historical structures. Case studies are given in group to reflect upon and analyze these experiences to derive new ideas of students. Study tours are organized for better understanding. Re- development projects are given to students for enhancing new ideas of students.
Examination and Evaluation	One unit test and one model exam in theory subjects and one model examination in case of practical are conducted each semester. One Assignment in theory subject and 4 to 5 Assignments for Practical subject. The course in-charge carries out internal assessment of subjects based on internal test performance marks / grade received in Examination and assignments. Continuous evaluation procedure is followed for practical subjects. Effective implementation of tutorial and mid-sem test takes place and results are declared within eight days. The students can see their evaluated answer sheets and discuss the same with concerned faculty.
Research and Development	Grants for research projects are sponsored by the government and non- government sources such as industry, corporate houses, international bodies, endowment, during year is of Rs.1.55 (INR in Lakhs). Total Grants for research projects sponsored by the government and the non-government sources such as industry, corporate houses, international bodies, endowments, in the institution year wise during last year has been Rs. 20,000/ This is facilitated through

	the institute. Two research projects have been funded by government and non- government agencies during last year through the institute. The institute encourages these activities through appraisals and awards.
	Books have been procured for the Library through the suggestions received from faculty and students. DelNet has been purchased and installed for the benefit of faculty and students. The physical infrastructure got a boost. Laboratories have been upgraded significantly to enhance hands- on learning methods. Climatology instruments ordered and laboratory upgraded. Information and Communication Tools (ICT) capacity enhanced for the benefit of students. These modification and up gradations were based on the suggestions posted by the faculty and students, and through the meetings held with various other stake-holders. These include Alumni, parents and technical support mediums.
Human Resource Management	The institution practices decentralization and participative management. The quality policy of the Institute is well conveyed from the Vision and Mission statements which have been designed by the Top Management. For implementing the quality policy, an action plan is prepared collectively by the Principal and the senior faculty members. According to the action plan, specific roles are assigned to various faculty members. The Committees are formed within the Top Management. These committees work in co-ordination to ensure proper execution of processes. Decisions in each of these four areas are taken by the respective committees adhering to the action plan.
Industry Interaction / Collaboration	The institute and students are connected with various organisations like Institute of Indian Architects (IIA), Indian Town Planners Institute (ITPI), INTACH and Indian Green Building Council) IGBC. These organisations give the students the required connection with the professional world through participation and organisations of various workshops and Lecture series, in turn connecting one with the rest of the community. The possible employers

as stakeholders are actively involved in the process of up gradation through suggestions and industry support in the form of site visits and hands on workshops etc.

6.2.2 – Implementation of e-governance in areas of operations:

E-governace area	Details
Planning and Development	To ensure consistency in academic excellence, up gradation of facilities in needed spheres is the standard agenda in the council meetings. Resolutions are made as per requirements and they are implemented to enrich teaching - learning process in a broader perspective. The construction of building other facilities in the new campus has been completed. As the intake is of 40 students, the studios have been upgraded to 5 numbers, Lecture halls upgraded to 3 numbers, and Seminar hall and Auditorium capacity increased. The construction of building other facilities in the new campus has been upgraded to 3 numbers, and Seminar hall and Auditorium capacity increased. The construction of building other facilities in the new campus has been upgraded to 5 numbers, Lecture halls upgraded to 3 numbers, and Seminar hall and Auditorium capacity increased.
Administration	The working administrative set-up is basically a student centric process. Each and everyone in the decision- making process involves at their respective levels to ensure the decentralization and delegation of power structure is maintained transparently, therefore various institutional committees are formed consisting of representatives from various relevant groups. Transparency is an important work culture of the institute. This is achieved through an institutional service rules, policies and procedures which are easily available and are followed. ERP platform has been introduced. This has upgraded the efficiency in paperless management.
Finance and Accounts	The receipt and payments are done through bank, Students are allowed to do Digital Transaction. Salary slips are given to faculty members. The disbursal of scholarships and other monetary benefits to the students is done through banks. The institution ensures all financial transactions,

	reports and documents are completed with integrity, and that the institution presents timely and accurate information to the statutory authorities and stakeholders. The Committee is assisted by the experts to finalize matters relating to fee structure and the budget provisions of the Institute.
Student Admission and Support	Apart from government scholarships, deserving students are provided with scholarships through Gaikwad-Patil Group of Institutions. The Grievance Redressal Mechanism Cell addresses every students issues. Training and Placement cell worked effectively towards the employment and the road ahead for students. The Guardian Faculty member option has been exercised by some students. This, being a ragging free campus helps in the comfortable mental growth. Students Council and Students Forum are the formal student representative bodies to facilitate direct communication between Management and students.
Examination	Most of the core subjects like Architectural design, Building construction technology, Architectural graphics, Visual Arts etc. have studio classes in addition to theory lectures or tutorials. In drawing classes or studios students make drawing plates of the given assignments which are regularly monitored and corrected with one to one contact between teachers and students in presence of other students. In Architectural design students are required to face critic session with pin up drawings/models and or PowerPoint presentation regularly at every stage, such critic sessions are held in presence of panel of teachers and students.

6.3 – Faculty Empowerment Strategies

6.3.1 – Teachers provided with financial support to attend conferences / workshops and towards membership fee of professional bodies during the year

6.4 – Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly (with in 100 words each)

The Institution conducts internal and external financial audits regularly according to the auditing standards accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material mis-statement. They are conducted in the month of March. The internal audit is carried out by the Director Finance. He periodically checks the maintenance of physical and online files by the finance department and makes report on the basis of it. The external audit is carried out by the professional agency hired by the institute who maintains and summaries the finances. They manage: • Proper books and accounts maintenance required by law • The balance sheet and income- expenditure are referred and book of account maintained in agreement • Mercantile method of accounting is followed

COUNCIL OF ARCHITECTURE (Incorporated under the Architects Act, 1972) ARCHITECTS (PROFESSIONAL CONDUCT) REGULATIONS, 1989 New Delhi, the 11th May, 1989	The Architects Professional Conduct Regulations reinforce the fair behavior of professionals towards other architects, clients and the society at large. To help dissipate this knowledge and condition behavior, the course incorporates the subject of Professional Practice which enables and teaches this. The student learns to ensure that his professional activities do not conflict with his general responsibility to contribute to the quality of the environment and future welfare of society. He applies his skill to the creative, responsible and economic development of his country, and provides professional services of a high standard, to the best of his ability.

7.2 – Best Practices

7.2.1 - Describe at least two institutional best practices

Title: Mentoring System-Enabling and Empowering Students 2.Goal: • To provide academic, Social, moral and psychological supports to student in the Institute by being their empathetic, carrying and nurturing mentors so that they become enabled and empowered persons. 3.Context: • TGPCA was established in the academic year 2011-12. TGPCA has the sole objective to provide education replete with quality to students. • All stakeholders of the Institute have been concerned about creating self awareness and self reliance amongst the young students of the Institute. All stake holders of the Institute are aware that quality education is of great importance for development of the youths. • The Institute has adopted a policy which ensures the holistic development of the students. The students are made to realize and act accordingly to eschew the outdated systems in the society and destroy the narrow domestic walls which have broken the society in fragments. Similarly the Institute wants the students to be sagacious, skilful, prudent and tolerant. • The Institute wants to deepen national consciousness and create social awareness amongst the students. Therefore the Institute has adapted the practice of mentoring the students. The mentoring process ensures circular development along with spiritual, cultural and emotional progression. Education being the sole tool for social and National Development the potential of the students is harnessed and impetus is provided to enhance intelligence through the activities conducted under the banners of committees, clubs and cells of the Institute. • The young students are sensitive to the changing scenario in cultural and Social atmosphere. The need of the hour is to address their problem and help them to transfer them into responsible persons. After the school education when the students enters the Institute they find freedom and in consequence there is every possibility they might go wayward or go astray. This necessitates the teachers to guide them in friendly manner and provide solace and comfort when they are in distress and despair. Mentoring, therefore, is the best possible way of holding and creating them the best citizens. 4. Practice: • Through mentoring system every teacher is assigned a group of 25 students. The teachers play the role of mentors in Institute. The teacher mentor bears the responsibility of guiding these students in their academic life by caring for their intellectual, emotional and physical well being. • The teachers are trained in mentoring skills by eminent educationist, psychologist and behavioral therapist through Faculty Development Programme. • Periodic meetings are conducted and the methodology adopted is revised to benefit the students • The format to collect students data is planned under the guidance of principal by the teachers mentors. • The booklet is maintained for mentoring. The booklet contents all details of the students including the family background, the academic performance and the problems the student is confronted with. • The mentor calls his/her students for initial meeting in which he/she introduces himself/herself and Endeavour to win the confidence of the students. • Their after the mentors shoulders the responsibility of establishing a relationship with student replete with respect, sensitivity, mutual trust and emphatic

understanding. The mentor provides a support system which is conducive to academic growth of the students and his/her holistic development. • The mentor tracks the progress of the students. The mentors the attendance and performance of the students in test examinations and participation in academic and nonacademic activities. Any short coming, if noticed, is immediately addressed to the mentor who endeavors to resolve the issues in no. of ways. • The mentor regularly visits the homes of the students under his/her control. He/She interacts with the parents and ascertains their problems in respect of their wards. The problems of the parents are conveyed to the Institute authorities. The Institute authorities try to redressed the problems which are in their jurisdiction Evidence of Success: • The mentoring process has evolved into a successful system of student support it has become a classical way of making students to learn better, confront confidentially with obstacles, progress and gain experience • The mentors have dealt with the problems of absenteeism. It is observed that there has been remarkable increase in the attendance of the students in theory and practical classes. • Through the help and guidance of mentors, the students have got rid of emotional problems and they have developed a positive attitude to overcome anxiety and improve the academic performance. • The students suffering from psychological and social problems have been immensely helped by mentoring system. • The students have become confident, bold, courageous and excellent academically Problems Encountered and Resources Required: • The prerequisite of mentoring system is the commitment of the teachers to the cause of overall development of the students. • It makes a demand on the time and energy of the mentors. • The students are confronted with certain family problems which are beyond redressal through the counseling. • Since the majority of the students hail from rural areas the mentors have to exert much to bring them at par with the students who belong to cities 1. Title of the Practice: E-Management: for efficiency and Transparency. 2. Goal: To use E-management tools for effective: i. Teaching and Learning ii. Monitoring and Maintaining iii. Transparency 3. The context: The use of information technology in management in any organization can augment the output and quality. The use of information technology in the field of education can accord help to the student. The help is extended to the students by ready availability of subject resources, Time Tables, Performance, attendance schedule related to all examination and other programmes/activities. Moreover it offers transparency which is most important aspect of the management. Similarly e-management system are extremely helpful in providing aids to the member of teaching staff and it accords a great help to create a culture of transparency which is very significant and consequent for healthy and un biased working atmosphere. 4. TGPCA has resorted to uses of information technology in management of several systems for the students, members of the teaching staff and the member of the non teaching staff through following practices: i. Website: a) Availability of complete information beginning from departments, courses and teachers including Main phone contacts. b) Complete details about the course structure, Syllabus, subject details, time table, the rules and regulations and the examination procedure. ii. Internet for effective propagation of information and strong space accessible to everybody, everywhere in the college campus. iii. Study material for uploading programme/ subject/ contains by 247 teaching. iv. Web kiosk: Different person and professional activities/ aspects related to the college can be entered and retrieved making the system transparent. These activities are related to a) Personal: salary of employees, details of benefits, kinds of leaves, the details of attendance, details in case of emergency, and help in tax information. b) Teaching: student attendance, information about the students who bunk the classes, classroom booking. c) Examination: the Entry of marks, grade entry, result, invigilation duty. d) Counseling and mentoring: To view grades of the students and performance of the students by parents and teachers. e) Provide feedback: e.g. IQAC. 5. Evidence of success: the practice followed by institute has laid to the creation of

healthy and transparent work culture. ?? The transparency and propagation of knowledge/information in easy manner through IT enabled system starting from the classroom experience to examination has accorded great help to the student and the parents concerned. The policy to view examination copies, mechanism to redress issues/ problems along with management has provided unbiased and effective mechanism. ??For employees the information about salaries, benefits kind of leave, income tax deduction, etc are available online. This type of transparency along with healthy policy for promotion and help in career advancement makes TGPCA an alluring place to work. institute have good rate of faculty and staff retention. The confidence of faculty reposed in system has laid to long term thinking and planning. 6. Problems encounter and resources required: The change from paper work to paperless work is not easy. Since many year the employees has engaged themselves in traditional letter writing, report writing, etc. The mindset of the employees has been mandating them to resort to paper to express their opinions, views and remarks on paper only. Change from paper work to paperless works needs change in mindset. Moreover it is the matter of training. The senior employees traditionally involved in the paper work initially are reluctant to receive training to change to e correspondence. TGPCA has senior as well as young and enthusiastic member of teaching and non teaching staff. Though it took time to change the mindset of the senior employees with the passage of time, after learning the simplicity and effectiveness of new method gradually they shifted themselves to new methods. Now all employees in the college are able to implement several aspects of e management successfully.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

http://tgpca.com/assets/IQAC/Best-Practices.pdf

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The main objective of TGPCA is to achieve excellence in academics by emphasizing on the development of new learning techniques. This is keeping in mind the fast changing scenario in the field of architecture as it shapes itself for the 21st century. The institute gives great importance to training the new generation in the science and art that can balance functionality with aesthetics in built form. This is done by imparting knowledge of latest construction techniques, services and smart technology and also emphasizing on human values and social responsibilities so that students learn to take users into consideration always. Institution believes in producing good citizens of this country with self-discipline and accountability with respect for democratic, ethical and moral values. This will ensure that as they step into the profession they will produce a built environment that befits a country rising into the new millennium. To bring out the best in both students and Faculties Institute has provided the best possible amenities to enhance individual skills in academics, technical-esthetical and extracurricular activities for their overall development. TGPCA is one of the top ranking architectural schools of the regions. The school has already proved its credentials by maintaining excellent record in both university and placement scenario. In addition there is interaction with different educational, social, cultural and sports organization on regular basis. New Innovative Teaching learning to learn Sustainable Techniques It is in practice of the institute to Implement methods and techniques of out of the classroom teaching and learning. Students visit project site with faculty to undertake hands on activities to learn. Under the above activity students have visited to attend a workshop along with faculty and to learn Construction Technique using Bamboo as Material

at Gram Art for Bamboo, Pardsingha , Madhya Pradesh. Students were sent to Center of Science for Villages, Wardha along with faculty members to attend oneweek duration workshop to learn cost effective construction techniques using mud and other local materials for providing Housing to Economically Backward section of the society. Students were sent along with students of RP college of Architecture for a joint study and survey of Sakkardhara Precinct. The study includes historical lake, temples and other buildings of historical importance, with the aim to suggest and to provide suggestions, recommendations and development plan to the Local Authorities. Students with faculty during one of the International educational tour not only visited Bhutan to learn Vernacular style of Architecture, construction Techniques and Materials Used, but also attended and actively participated in a joint workshop conducted by Faculty of TGPCA along with official representative of Government of Bhutan on development of River front. At the end of the workshop a proposal for the development of Public Plaza was submitted to the Local government of Bhutan.

Provide the weblink of the institution

8. Future Plans of Actions for Next Academic Year

To ensure consistency in academic excellence, up gradation of facilities in needed spheres is the standard agenda in the council meetings. Resolutions have been made as per requirements and they are implemented to enrich teaching and learning process in a broader perspective. The institution had a humble beginning with one main block and year after year the institution is witnessing upward journey in creating and expanding infrastructure facilities. At institute the quality of student experience is our main priority. We seek to ensure that our students benefit from a high quality learning environment that includes spacious classrooms, well-equipped laboratories, state-of-the-art computing facilities, rich and diverse knowledge resource centers, smart class rooms, seminar halls, amphi theater, first class sporting facilities with indoor and outdoor complexes, practice and rehearsal halls for cultural activities, feel at home hostel accommodation facilities and extensive facilities for on-campus training and placement. With the intention of providing ample avenues, enhancing the infrastructure facilities by means of construction of new blocks, class rooms, laboratories, studios, and library facilities have been in the agenda of the continuous process. Though the needed facilities are in place as per requirements and the recommendations of the affiliating university, they are enriched with the aim of fulfilling the goals in the strategic plans which go beyond the syllabus as well to make the student fraternity not only thorough professionals but also responsible citizens who can contribute for the development of the society and the nation. The quest for enriching the facilities goes beyond the mandatory facilities to execute activities like a few cited below. The Institute was established in the year 2011. With the accelerated pace of Urbanization and all round development in Building Construction activities particularly in the field of Infrastructure development, Industrialization, Housing and Public buildings, many fold increase in the demand for Architects have been witnessed in last few year. Keeping in mind the increased demand for Architects, College of Architecture will have to gear up to face the challenges. The Institute has prepared a Perspective/Strategic Plan of Development up to year 2030 which gives the details of the developmental activities. These include the up gradation of ICT facilities, digitization of library services, increasing the number of smart class rooms, including furniture design and acoustic up gradation of the present ones. Increase in physical health facilities is also on way, including construction of gym, and other sports facilities. The open infrastructure is planned to be given a boost keeping in mind the environmental requirements of a green campus.
